

4th global Lime

CONFERENCE & EXHIBITION 2009

Lime, cement and gypsum producers benefit from 50% registration fee discount

Following the successful Global Lime Conferences in Geneva, Kuala Lumpur and Prague, the 4th Global Lime Conference will take place in Dubai - the buzzing meeting point of the Middle East, and a place at the heart of one of the most active lime-producing regions in the world. Delegates are expected to attend from over 30 countries, as well as exhibitors from around the world.

- Themes include:**
- Energy efficiency
 - Alternative fuels
 - Production advances
 - New applications

Who should attend?

- lime, cement and gypsum producers
- lime users
- equipment vendors
- traders and shippers
- academics
- researchers

MAGAZINE

PRo Publications International Ltd

The only major international lime event in 2009

4th global lime

CONFERENCE • EXHIBITION 2009

After the success of the previous Global Lime Conferences in Geneva, Kuala Lumpur and Prague, the next event will next take place at the heart of the world's fastest-growing lime-producing region - the Middle East. Recent and ongoing new projects have taken place in Egypt, Iraq, Jordan, Libya, Saudi Arabia, Syria and the UAE, while India and Turkey are also both hot-spots for lime production.

The conference will look at the latest developments in the global lime industry, as well as focusing on the latest alternative fuels technology for lime kilns, and at how producers can counter the often deleterious effects of these aggressive materials. As well as looking at fuel and energy efficiency, the conference will also cover production advances and new applications for lime in a variety of industries.

The choice of Dubai as host city is also inspired, as it personifies the remarkable growth and transformation of the Middle East. The event provides the best opportunity to make contacts and do deals within the rapidly-expanding Middle Eastern lime industry, as well as further afield.

This will be the premier lime event of 2009 - if your business is lime, you must attend!

Provisional Programme

Tuesday 10 March 2009

- 17.00-19.00 Registration, Hotel lobby
19.00-21.00 Welcome reception, Global Lime Conference exhibition area

Wednesday 11 March 2009

A selection of confirmed presentations:

Global economic overview

Dr. Nino Mancino, Global Cement Magazine

High capacity lime kilns (500-600t/d) with innovative design

Oliviero Collarini, Cimprogetti

Grinding, separating, drying and hydrating - Gebr. Pfeiffer technology for limestone, quicklime and hydrate

Dr.-Ing. York Reichardt, Gebr. Pfeiffer AG

Fuel optimisation in large diameter single shaft kilns

Stefan Lechner, Maerz

Oxygen enrichment in lime production

Peter Keena, Air Products

Alternative solid fuel preparation and feeding devices for lime furnaces

Hans-Dieter Nolde and Ralf Milewski, Claudius Peters Projects GmbH

Risk and chances for the lime industry through the European Emissions Trading System

Andreas von Saldern, ESolutions GmbH

Energy saving for hard and soft burnt lime production and dual fuel system with the Fercalx kilns

Enrico Barberis, Terruzzi Fercalx

State-of-the-art bagging technology for the lime industry

Engelbert Koess, Haver & Boecker

New application of lime - enhancing the capacity of the oceans to act as a carbon sink

Tim Kruger, Cquestrate

QuickFill concept - bringing value to lime

Mikael Peterson, Billerud AB

The venue

Surrounded by 38 acres of landscaped gardens, Le Méridien Dubai provides a serene and luxurious counterpoint to the city's cosmopolitan flair. A short distance from the Deira City Centre shopping hub, Dubai Creek Golf and Yacht Club, the Gold Souk and Mumzar Park, the hotel puts the city's unique experiences within easy reach.

Situated minutes from the shopping and commercial districts and easily accessed from Dubai International Airport, Le Méridien Dubai offers outstanding meeting facilities. For leisure, the hotel features three outdoor temperature-controlled swimming pools, Natural Elements Spa, a state of the art gym, tennis courts and a wide range of award winning restaurants.

Dubai is home to some of the world's most brilliant architectural innovations, the kind of ambitious projects that seem almost impossible: The Palm Islands, the Burj Dubai, and the world's largest indoor skiing centre, to name just a few.

Exhibition and sponsorship opportunities

Don't miss the opportunity to reach your target audience. Exhibit at the conference to achieve maximum visibility and attention among your prospective clients and future partners.

Conference Information

Accommodation

Delegates are responsible for organising their own travel and accommodation. There will be a limited number of rooms in the conference hotel available at a special rate of DHS 1350.00 until 15 February. Please refer to the conference website for a printable booking form. www.propubs.com/glc

Conference fees

The conference fee includes attendance at the conference and exhibition, conference proceedings volume and presentations, conference briefcase and CD, lunches and drinks receptions.

Gala Dinner

The Gala Dinner will be a sumptuous Arabian buffet on a cruiser sailing on the Dubai Creek and beyond. If you would like to bring your spouse or customers to the dinner, you are welcome to do so. Please state how many additional tickets you would like to purchase, and give the names of the attending people.

Registration fee discounts

Discounts offered: (A) 10% for third and subsequent delegates from the same company; (B) 10% for delegates younger than 35 or over 65 years; (C) 40% for students and academics; (D) 5% for attendees of any previous Global Lime Conference; (E) 20% for attendance on one day only; (F) 50% for lime, cement or gypsum producers.

Cancellations

Cancellations will be accepted and delegates may receive an 80% refund of fees paid up to 1 February 2009. No refunds will be made for cancellations after this date. Substitutions from the same company can be made at no cost up to 5 working days prior to the conference.
